

AMAZIGH

ⴰⵎⴰⴷⵉⴳ

THE ULTIMATE ADVENTURE | 24TH APRIL TO 3RD MAY 2025

SPECIFIC EVENT CONDITIONS

The **Amazigh Raid** is an event inspired by the Amazigh people, their customs and resilience. We want to conquer breathtaking landscapes against the backdrop of the ancient mountains we will cross, enjoy challenging tracks in endless deserts, explore villages and their cultural richness and, above all, live a unique experience that combines the adrenaline of driving with conquering the most challenging tracks.

We'll start this journey in **Tarifa**, where we'll have the event secretariat and a welcome dinner. Here we'll spend the night and then set off on stage 1 to FÉS, Morocco. The last stage ends in Tanger, where we'll have dinner and spend the night, thus concluding the event. We'll return to Tarifa the following morning to mark our return to Europe on the morning of 4 May.

NAVIGATION

Navigation will be carried out using GPS equipment (for reading tracks and waypoints) that can read files in **.gpx format**.

Each day there will be **2 routes with different levels of difficulty for each stage, level 1 and level 2**. In this way, and at least partially, the route of each stage will be different from one another. The start and finish points for each stage will be the same.

The division of participants will be decided between the organisation and the participant on a daily basis based on safety and adjusting their driving and physical abilities.

Throughout the 9 stages, there will be 2 liaison stages (the first and last, where the percentage / or whether there will be off-road is yet to be defined) and 7 daily off-road stages. The final route will be finalised through on-site reconnaissance around 30 days before the start date. It will be shared with the participants the week before the event.

SAFETY – S.O.S.
