

Kt 1441

1400-watt chain-saw Kt 1441

- Unique safety system – with the patented Metabo wrap-spring chain brake :
If kick-back occurs or the switch trigger is released, the saw blade comes to a dead-stop within one tenth of a second.
- Saw-chain with safety drive links to reduce the risk of kick-back
- Sturdy motor with ample power reserve
- Impact-proof housing made from glass-fibre-reinforced, heat-proof polyamide
- Large hand guard :
in the event of a kick-back the hand guard, pressed forward by the pressure of the user's hand, automatically triggers the quick-action brake on the saw-chain.
- Switch with safety lock to prevent switching on accidentally
- Guide-bar with deflector sprocket – to reduce wear and tear on the guide-bar and the saw-chain
- Automatic saw-chain lubrication, adjustable oil delivery, view-glass in the housing for checking the oil level, oil container with clear screw-cap
- Sturdy, replaceable claw
- Saw-chain catch pin – just in case the chain should break
- Large surface for setting down the chain-saw safely while not in use
- The saw-chain can be replaced quickly and conveniently – thanks to the easily accessible chain-drive-wheel
- Auto-stop carbon brushes
- Combination ring spanner / screwdriver in stowage compartment
- Torque 10 Nm

Type	Kt 1441
Order No.	6.01441

Standard equipment

guide-bar, saw-chain, hand guard, 0.2 litres chain-saw oil, cable strain-relief strap, and combination ring spanner / screwdriver

Technical specifications

Cutting length	400 mm
Rated input power	1400 watts
Output power	800 watts
Saw-chain:	
– tooth pitch	3/8" (9.35 mm)
– blade shape	low-profile, semi-chisel
– thickness of bottom of drive links	1.3 mm
– number of drive links	57
Chain speed at no load	10 m/s
Chain lubrication	automatic
Oil delivery, adjustable	5-10 cm ³ /minute
Oil tank capacity	0.2 litres
Weight (excluding mains lead) and excluding guide-bar and chain	4.2 kg

Accessories

Order
No.

Saw-chain, (spare)
pitch 3/8", 57 drive links

6.31670

Guide rail (spare)

6.31671

Saw-chain sharpening set
comprising :
file-holder, 4-mm diameter round file,
flat file, depth gauge, and guide-bar cleaner

6.31437

Round files, 4 mm diameter
(to suit the above) (spare)
(set of 3)

6.31438

File-holder
with 4-mm diameter round file (spare)

6.31439

Chain-saw oil
biologically degradable

1 l

6.31433

5 l

6.31434

Cable drum
with 25 metres of cable, 3 x 1 mm²

suitable for outdoor use
cable fitted with splash-proof
safety socket

6.30672

Full-view safety goggles
with non-fogging lens

6.31075

Saw-horse
for use with a chain-saw

6.31430

- Stable construction made from galvanized, chromed steel
- Suitable for sawing with electric and petrol-driven chain-saws; the chain-saw can be attached on the left or right side of the saw-horse.
- Safe working conditions - thanks to the restricted guidance of the chain-saw
- The distance between the saw's guide-bar and the wood to be sawn can be adjusted to suit the wood's thickness.
- Suitable for cutting through logs up to 300 mm in diameter
- Adjustable length stop

Working height 75 cm
Dimensions (folded)
87 x 82 x 6 cm
Weight 11 kg
