Altitude | 50 - 500 meters.

Soil geology | Schist.

Vines age | > 20 years.

HARVEST 2023

The 2022/2023 viticultural year was once again atypical, with a warm and rainy winter, a very hot and dry spring, and a summer classified as normal. For us, it was an extraordinary year for producing high-quality wines with concentration and medium-high acidity.

VINIFICATION

The grape bunches were carefully hand-harvested and submitted to a meticulous pre-selection. They were transported in 20 kg boxes to preserve quality. At the winery, the grapes were fully destemmed and gently crushed into stainless steel vats, where alcoholic and malolactic fermentation occurred spontaneously under controlled temperature.

AGEING

22 months in stainless steel vats.

BOTTLING

Date | April 2025

Bottle | Borgonha Nova

Cork | Agglomerate Cork

TECHNICAL INFORMATION

Alcohol content - 13,5% | Total Acidity - 4,8gr/L | Volatile Acidity - 0.6gr/L | pH - 3.75 | Total Sugars - <2 gr/L
