

VINEYARD DESCRIPTION

Grape origin | Cima Corgo

Varietals | 40% Touriga Nacional, 40% Touriga Franca and 20% Tinta Roriz.

Altitude | 100 to 500 m.

Soil geology | Schist.

Vines age | > 30 Years.

HARVEST 2022

The 2021/2022 wine year was hot and dry in all seasons. These conditions resulted in a 15-20% drop in production compared to 2021. Regarding the harvest, it occurred early, only slowing down at the beginning of September with the rain and consecutive drops in temperature. The resulting musts had sugar, total acidity and phenolic compounds slightly lower than the usual Douro average of 16-21 but still very promising for high-quality wines.

VINIFICATION

Manual harvesting, with grape pre-selection.

Transport was carried out in 20 kg boxes to preserve the quality of the grapes. In the cellar, they were de-stemmed, crushed and transferred to stainless steel vats, where alcoholic and malolactic fermentation occurred spontaneously..

AGING

22 months in stainless steel tanks.

BOTTLING

Date | May 2024.

Bottle | Bordalesa Elite.

Cork | Natural Cork.

i

N° of Bottles 750 ml
35.300 Units.

N° of Bottles 1,5 Lt
400 Units.

TECHNICAL INFORMATION

Alcohol content - 13% | Total Acidity - 5.1gr/L | Volatile Acidity - 0.6gr/L | pH - 3.7 | Total Sugars - <2 gr/L
