HARVEST 2021

The 2021 harvest was long, fresh and rainy, starting in the second half of September. It was a year considered normal – and dry –, with productivity being above average, compared to the previous decade. It gave rise to musts of good quality, fresh and slightly less alcoholic.,

VINIFICATION

Grapes received with total stemming and very gentle crushing, followed by pressing to separate the liquid from the masses. Cold decantation took place between 24 and 48 hours. Spontaneous alcoholic fermentation in temperature-controlled stainless steel tanks and French oak barrels.

AGING

Aged for 12 months on fine lees followed by a clean pass and a further 9 months in stainless steel.

BOTTLING

Date | July 2023
Bottle | Bordalesa Elite 75 cl Musgo /
Magnum Bordalesa 150 cl Horus Magna
Cork | Natural Cork
