W.E.C. Lines B.V. a new organization with a long history

W.E.C. Lines started their activities in 1978

1979	Become active on the Red Sea East African trade Extended the activity on short sea service of N.W.C. / U.K. to the Iberian Peninsula and the Canary Islands
1985	Holland Maas Shipping took over the short sea activities and grow to be one of the leading carriers to and from the Iberian Peninsula.
1991	Services were extended to Casablanca via transshipment in Portugal
1998	Service was upgraded with services from the East Coast of Spain.

2008

W.E.C. Lines B.V. a new organization with a long history

W.E.C. Lines started their activities in 1978

2004 Holland Maas Container Line offered services to Cuba and the French Antilles.

W.E.C. - Holland Maas Espana S.R.L. was registered in Barcelona
Was started the service from the North of Spain to the Canary Islands.

The East Coast of Spain was connected with Las Palmas and St. Cruz the Tenerife.

1st of January 2009 W.E.C. Lines B.V. became a new organization joining :

W.E.C. Nederland B.V. Holland Maas Shipping B.V. Holland Maas Container Line

Main key strokes to success

To grow

By having the spirit to do so By extending services By giving options to the market

To consolidate by

Providing a full range availability to the client Establishing a very good client interaction Keeping trust wordy relationships Cooperating with business partners

To adapt

To each port
To each market
To each client need

Service Highlights

Direct services from / to northern Europe: Spain - Canary Islands **Portugal** Morocco Fast transit times Transit Realistic closing times Fixed weekly departures Simplified customs procedures 2016 Excellent agency networking with extensive local knowledge of custom formalities and regulations • Flexibility

Full steam ahead with your cargo!

Portuguese Experience

ls	strongly	influent or	the m	ajor	Portuguese	ports:

- Leixoes
- Figueira da Foz
- Lisbon
- Setubal
- Sines

Is strongly client oriented

Relies on Own offices and allocated staff

Relies on House IT resources and development skills

Is strongly cooperative with all Portuguese port authorities

Is strongly focused on procedures and developement towards simplification

Tends to intermodality by the use of rail connections

Determines a deep knowledge on each port reality

Let's see what tomorrow will bring

Obrigado

Augusto Rosário
