Where to send the documents and how ?

- Via e-mail to order.it@lrworld.com or by fax
- Attention: please make sure all documents are readable – handwriting should only be limited to signature if possible.

What happens after submitting needed documents ?

- If all documents are readable, payment is successful – in the first order the welcome letter will be sent to the new partner with partner number and 4 digit code for the first LRworld connection.

Why is my sponsored partner not registered yet ? Reasons for delay :

- Non readable documents
- Payment by bank transfer
- Payment unsuccessful
- Missing documents and information
- Outdated forms > all up-to-date forms are found on my-Irworld.com, LR worldwide

Whenever this happens, we always try to contact the new partner and his sponsor and write an email to the partner directly.
