Olhar atento (I)

- Observa o exemplo. Com um olhar atento soma os números que te ajudam a calcular mais rápido.

$7 + 3 + 10 = \underline{10} + 10 = 20$

$2 + 20 + \underline{18} = 20 + \rule{2cm}{0.4pt} = \rule{2cm}{0.4pt}$

$9 + 5 + 1 = \rule{2cm}{0.4pt} + \rule{2cm}{0.4pt} = \rule{2cm}{0.4pt}$

$17 + 6 + 4 = \rule{2cm}{0.4pt} + \rule{2cm}{0.4pt} = \rule{2cm}{0.4pt}$

$10 + 10 + 3 = \rule{2cm}{0.4pt} + \rule{2cm}{0.4pt} = \rule{2cm}{0.4pt}$

$9 + 20 + 10 = \rule{2cm}{0.4pt} + \rule{2cm}{0.4pt} = \rule{2cm}{0.4pt}$

$2 + 31 + 8 = \rule{2cm}{0.4pt} + \rule{2cm}{0.4pt} = \rule{2cm}{0.4pt}$

$4 + 6 + 43 = \rule{2cm}{0.4pt} + \rule{2cm}{0.4pt} = \rule{2cm}{0.4pt}$

$7 + 24 + 3 = \rule{2cm}{0.4pt} + \rule{2cm}{0.4pt} = \rule{2cm}{0.4pt}$

$20 + 9 + 30 = \rule{2cm}{0.4pt} + \rule{2cm}{0.4pt} = \rule{2cm}{0.4pt}$

$15 + 30 + 5 = \rule{2cm}{0.4pt} + \rule{2cm}{0.4pt} = \rule{2cm}{0.4pt}$
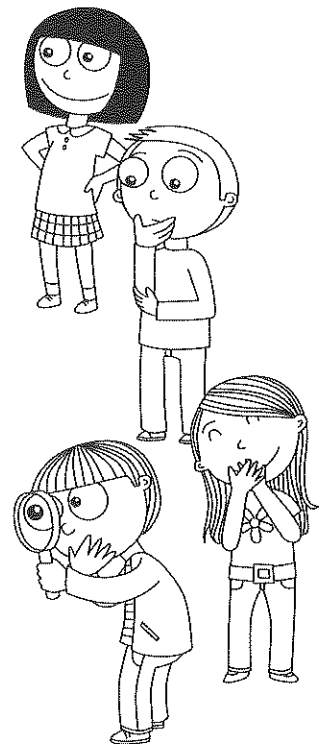

- Observa os exemplos. Calcula e completa.

$80 = \boxed{40} + \boxed{40}$

$40 = \bigcirc + \bigcirc + \bigcirc + \bigcirc$

$70 = \boxed{30} + \boxed{30} + \triangle{10}$

$48 = \triangle + \triangle + \boxed{4} + \square$

$25 = \square + \square + \bigcirc$

$60 = \square + \square + \square$

$90 = \square + \square + \square$

$150 = \triangle + \triangle + \triangle$

$120 = \boxed{20} + \square + \square + \triangle + \triangle$

$72 = \triangle + \bigcirc + \bigcirc$
